Whitewater-Rice Lakes Management District  
P.O. Box 301  
Whitewater, WI 53190

Mr. Wayne Redenius  
Chairman, Town of Richmond  
W9064 County Road A  
Delavan, WI 53115

Dear Wayne,

At the annual meeting of the Whitewater-Rice Lakes Management District on Saturday, August 23<sup>rd</sup> several property owners had requested that the Town of Whitewater be more diligent in enforcing the boating ordinances in effect on both Whitewater and Rice Lakes. Incidents of violations of the no wake ordinances, safe distances between boats, pulling skiers and tubers, etc. were cited. Please make sure the Whitewater Safety Patrol is aware of these issues and is more present on the lake and more mindful of these activities in these last few weeks of the boating season.

A request was also made to make the no parking signage and markings in the boat launch on Cruse Lane more evident as many complaints of violating the no parking ordinance were cited.

There was also mention of considering limiting the size and horsepower of boats on these lakes as well as wake boats which generate large wakes that adversely effect the erosion of the shoreline.

As of this writing, Brain Morris has taken over my position as Chairman of the Whitewater-Rice Lakes Management District. Please address any follow-up on these matters with him.

Sincerely,

John Dynkowski  
Ex-Chairman, Whitewater-Rice Lakes Management District
